

Color a Shipping Tag!

This small tag once marked a container of supplies that was shipped from England to Jamestown. You might notice the unusual spelling. In the 17th century, the letter "Y" often was used for the letter "J." This tag took a longer trip in 2007 when it went with astronauts on the shuttle Atlantis to the International Space Station!

Once you have finished coloring your artifact have an adult show you what it looks like in real life by visiting:
